Dear Deputy Naughten,

Re: PQ 28034/20 (Health)
To ask the Minister for Health when the dental clinic will resume at Roscommon University Hospital; and if he will make a statement on the matter

I wish to advise dental outpatient services, which are under the governance and management of CHO, West are in the process of moving permanently to the Primary Care Centre in Roscommon Town. I have been informed by the General Manager's Office, Primary Care Mayo/Roscommon that it is expected that dental services in the Primary Care Centre in Roscommon Town will commence in mid-November. In the interim patients are being offered service in Strokestown, Monksland, Boyle and Castlerea. Services in Ballaghaderreen are set to resume in the coming weeks, with a new dentist joining the service. All emergencies are triaged and directed if necessary to the nearest available centre during this time.

Yours sincerely,
